Hash 852 Flat Out Hot by Banana Bender

HARE	Banana Bender
GM	Crive
AGM	The Big Yin
VENUE	Lipa Noi
DATE	20 April 2019

On a day of soaring temperatures and even with the benefit of a beach front location, Banana Bender still managed to attract 27 heat resistant Hashers to the Lipa Noi beach in front of the Wat.

When he gave his description there was a collective sigh of relief on the news that the entire course was as flat as a witch's tit.

Starting on the beach we trotted toward Nathon, all very pleasant and having hit the first paper after about a klick turned right up along past Dog's Bollocks' estate then into the shiggy dodging the falling coconuts, the first of 5 checks sent one or two on the proverbial wild goose chase but they were soon back on track.

Up til now the main grumble was “ too much concrete “ but he more than made up for that by some well laid generous paper and we got back on softer ground quickly enough, he did however miss a golden opporchancity when he led us away from a tricky looking water crossing which could have given Hash Flash some classic shots of tumbling tossers.

This trail picked its way through what is becoming a fairly built up area and he made the most of the available terrain, finally bringing us out at the coast at the same point where D’s B on a previous Hash had provided a small boat to make the crossing...

no such luxuries this time around, it was either do a Jesus and walk on the water or total immersion among the crocodiles and great whites, fuck that says I and took the Wankers trail and made do with cow dodging and a couple of small streams to cross.

What water we had taken was finished so when the On In was called it was straight to the Piss truck for fluid replenishment. He had kept the pack fairly well together, always the sign of a well laid trail, so when everyone was in and had slurped sufficiently, the Circle was called and there was absolutely no doubt about the vote and all hands shot skyward for a great Hash.

Go Round Again called in the days squealers who did their duty with the result that some derrières graced the bucket, the offences ranged from using a mobile to the old favourite shortcutting.

Returning to the fold we had B. Liar and Daddy Long Leg.

G.R.A. introduced a change in procedure with Hash Shit going to someone who abused Hash etiquette, in this case Frog's Legs for blabbing on the blower trailside, she and hubby Escargot " peesed off" by this time and so Pickled Lilly took her place and consequently endured the bucket. I'm Cummin got the bunnet for elegantly falling over.

An appeal went out for someone to take over the Pisstruck at the end of this month and you could have heard a pin drop, such was the response, however the Missmanagement mob are using their combined braincell to find a solution. Should any of you reading this want to help out for a month or two please get in touch with Big Yin 0851661730.

Next week Mutton Jeff will await your pleasure at Laem-Set.
